01. ABOUT US

SECURING THE DIGITAL LANDSCAPE.

T.A.A.S Cyber Solutions Ltd is a private Nigerian firm dedicated to strengthening cyberspace through specialised cybersecurity, counter-terrorism and data security solutions.

Founded by Toulou Akerele, T.A.A.S strengthens Nigeria's digital infrastructure through data protection, governance, risk management and capacity building. Our multinational team brings experience across Nigeria, the UK, France, the Middle East and the US, adapting international capabilities to local security and regulatory requirements.

We work with public institutions, security agencies and key stakeholders to build practical, sustainable security capability and support a more resilient digital future.

**“We strengthen organisations
by turning security expertise
into practical, sustainable
capability.”**

T.A.A.S CYBER SOLUTIONS LTD

02. WHAT WE STAND FOR

OUR
FOUNDATION
DRIVES
EVERYTHING
WE DO.

We stay true to our values to deliver meaningful impact for our clients, partners and communities.

04. GLOBAL REACH

GLOBAL EXPERTISE. LOCAL INTELLIGENCE.

Headquartered in Nigeria, T.A.A.S operates across Africa, the UK, US, Middle East and Europe, combining international expertise with an understanding of local regulatory and security environments.

4 CAPABILITIES FOR A STRONGER TOMORROW.

We combine people, technology and intelligence to deliver end-to-end security solutions that create real world impact.

01 CYBER SECURITY

Defensive endpoints and secure networks for businesses and governments.

02 CYBER INTELLIGENCE

Forward-looking insights for better decision-making.

03 WEB INTELLIGENCE

OSINT (Open Source Intelligence) and threat monitoring to keep you ahead.

04 RESEARCH AND DEVELOPMENT

Actionable intelligence through research and analysis.

06. STRATEGIC PARTNERSHIPS

STRONGER
TOGETHER.

We collaborate with trusted partners to deliver greater value, combining specialised expertise and global resources to meet complex security challenges.

CYBER PARTNER

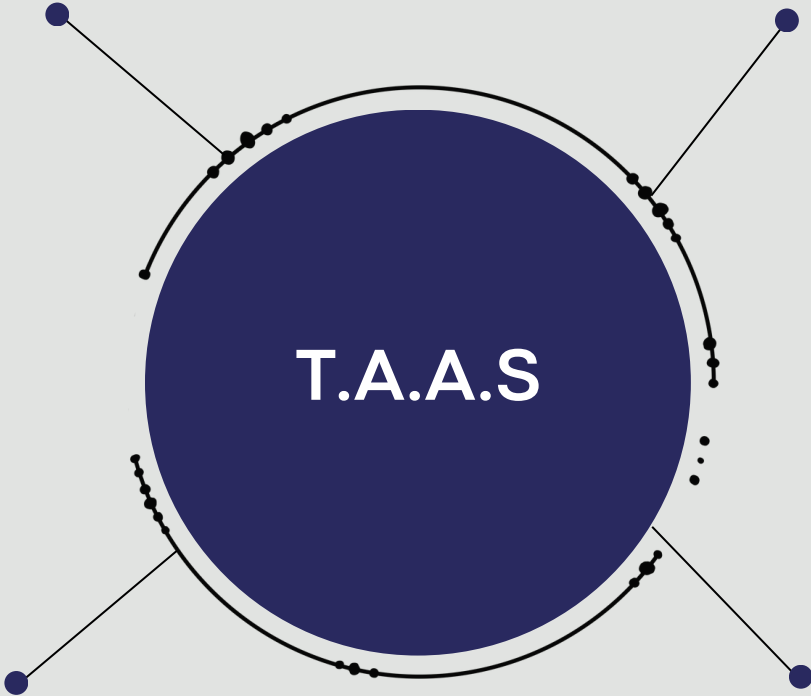

Relationship: Cybersecurity Solutions

Unrivalled cybersecurity partner affording us exclusive access to state-of-the-art, scalable security solutions for enterprise deployment and certification (i.e. SOC 2).

SMARTCOMPLY

Relationship: Compliance Tech

Leader in delivering automated and AI-driven solutions for compliance, cybersecurity, and business transformation.

DEFENCE PARTNER

Relationship: Security Services

Highly reputable security partner approved by the Israeli Ministry of Defence, with extensive experience across Africa, including civilian and governmental projects, homeland security, encrypted mobile phones and smart borders.

TECH HIVE ADVISORY

Relationship: IAPP Training Partner

Official training partner for the International Association of Privacy Professionals (IAPP), enabling us to deliver world-class privacy certification training.

07. WHAT WE OFFER

COMPREHENSIVE
SOLUTIONS
FOR A SAFER
TOMORROW.

01 **ENCRYPTED COMMUNICATIONS**
Secure communications solutions for sensitive information.

02 **SMART CITY SOLUTIONS**
Technology-driven security for smarter, safer cities.

03 **INTELLIGENCE SERVICES**
Actionable intelligence for informed decision-making.

04 **CRITICAL INFRASTRUCTURE PROTECTION**
Security solutions for essential systems and assets.

05 **TRAINING AND CAPACITY BUILDING**
Practical training to build long-term capability.

06 **DATA PROTECTION COMPLIANCE**
Support for regulatory compliance and data privacy.

08. TRAINING & CAPACITY BUILDING

BUILDING
THE PEOPLE
BEHIND SECURE
SYSTEMS.

We develop the skills, knowledge and leadership required to build sustainable security capability within organisations, teams and individuals.

04

WE LEAD

Developing the next generation of security leaders.

03

WE CERTIFY

Support for professional growth and exam preparation.

02

WE EDUCATE

Building privacy and cybersecurity awareness.

01

WE TRAIN

Practical skills for real world security challenges.

09. WHY T.A.A.S?

EXPERTISE THAT ADAPTS TO CONTEXT.

We combine the strategic insight of large firms and public-sector institutions with the flexibility and attention of a specialised team.

01

PROVEN TRACK RECORD

T.A.A.S has supported organisations across various sectors and continents, including public, private and nonprofit organisations since 2017, while contributing to national and international security initiatives. Its security research and intelligence have supported the Nigerian Army Resource Centre, ISCA and NATO's COE-DAT.

02

EXPERTISE

Cyber risk analysis and solution design for banks, hospitals, healthcare industries, and critical infrastructure including electrical grids and corporate headquarters.

03

ADAPTABILITY

T.A.A.S applies global best practices while adapting its approach to local regulatory expectations and specific organisational needs.

LET'S TALK SECURITY.

We're here to explore how we can support your organisation.
